FOR IMMEDIATE RELEASE

## **You Asked. Local Bank Answers with Mobile Banking**

*Dedham Savings Introduces Dedhamobile. Now customers can bank on the go using their mobile phones.*

(Dedham, MA) Dedham Savings has always been responsive to customer requests, so when they learned several months ago that customers were seeking mobile banking, they embraced the request and set out to bring mobile banking to their line-up of products.

Customers can use Dedham Savings mobile banking much like they use online banking. Once a Dedham Savings customer is signed up for online banking, they can sign up for and use mobile banking in up to three different ways: text banking using the text commands on their phone, via a mobile website, and with a mobile application. Customers will be able to participate in some form of mobile banking whether they have a Smartphone, a mobile device with Internet access or a simpler model that just allows texting. Each mode has slightly different capabilities and some of the noteworthy features include the ability to check balances, transfer money between Dedham Savings' accounts, pay bills, and search for Dedham Savings' branch locations and ATMs, to name the most popular activities.

Mobile banking is just one of the many ways that Dedham Savings keeps customers current with the latest technology. Dedham Savings has been fulfilling customers' requests for banking products and services since 1831 and operates 8 branches in Dedham, Westwood, Needham, Walpole, Norwood, and Sharon.
